Contents of *Agricultural Economics*, Vol. 7

VOL. 7 NO. 1 **JUNE 1991**

Effects of subsidized wheat consumption by state in India
G. Chellaraj, B.W. Brorsen and P.L. Farris (USA) 1

Rural banking in Nigeria: Empirical evidence of indicative policy variables from Anambra State
A. Okorie (Nigeria) 13

Interaction between livestock and feeds policies: evidence from Southeast Asia
A.N. Rae (New Zealand) 25

Changes of the rice distribution and the functions of the food control system in Japan
T. Mishima (Japan) 39

A proposal for the reduction of domestic price variability during the phase-in period of trade liberalization
D.J. Hayes, T.I. Wahl and S.R. Johnson (USA) 55

An econometric analysis of U.S. vital wheat gluten imports
F. Ortalo-Magné and B.K. Goodwin (USA) 65

Estimating the effectiveness of extension information systems using farm trials and subjective probabilities
W.H. Howard, R.W. Blake, T.O. Knight, C.R. Shumway and M.A. Tomaszewski (Canada, USA) 77

VOL. 7 NO. 2 **JULY 1991**

Principles of stochastic dynamic optimization in resource management: the continuous-time case
B.A. Larson (USA) 91

Allocable fixed inputs as a cause of joint production: an empirical investigation
H.D. Leathers (USA) 109

A continuing evolution in U.S. agricultural and food policy – The 1990 Act
R.G.F. Spitze (USA) 125

Gendered impacts of fertilizer subsidy removal programs in Malawi and Cameroon
C.H. Gladwin (USA) 141

Estimation and use of risk aversion coefficient for traditional dryland agriculture in western Sudan
E.M. Elamin and L.R.F. Rogers (Sudan, USA) 155

Incorporating risk in the economic analysis of agronomic trials: fertilizer use on barley in Syria
A. Mazid and E. Bailey (Syria) 167

VOL. 7 NO. 3 **OCTOBER 1991**

Frontier production functions and technical efficiency: a survey of empirical applications in agricultural economics
G.E. Battese (Australia) 185

Intervention bias in agricultural policy
R.J. Myers (USA) 209

Effects of adjustment of the green drachma to its current exchange rate
N.C. Baltas (Greece) 225

Effect of modern rice varieties and irrigation on household income distribution in Nepalese villages
G. Thapa, K. Otsuka and R. Barker (Nepal, Japan, USA) 245

Soil, water and crop management alternatives in rainfed agriculture in the Sahel: an economic analysis
J.C. Day, D.W. Hughes and W.R. Butcher (USA) 267

Application of stochastic dominance criteria to evaluate bean production strategies in Central Province, Zambia
M. Bezuneh (USA) 289

Differentiated products and supply controls in the analysis of agricultural policy reform: the case of tobacco
J. Beghin and R.-e. Chang (USA) 301

Effects of international shocks and domestic macroeconomic policies upon Brazilian agriculture
G. S.A. C. Barros (Brazil) 317

Impacts of feed ingredient subsidy removal and concurrent trade liberalization in Tunisia
P. Kristjanson and W.E. Tyner (USA) 331

Relationship between agricultural growth and farm imports in LDCs: a Sims' causality test based on 35 countries
X. Wu and X. Yao (USA, Philippines) 341

Gini's coefficient of mean difference as a measure of adoption speed: theoretical issues and empirical evidence from India
H.G.P. Jansen (Taiwan, China) 351

A critical assessment of the political preference function approach in agricultural economics
S. Von Cramon-Taubadel (Germany) 371
